

AUTOMOTIVE TECHNOLOGY

This program will cost \$22,555.00 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with \$4,273.00 of debt.

The following States do not have licensure requirements for this profession: Pennsylvania, Ohio and West Virginia.

BUILDING TECHNOLOGY

This program will cost \$20,757.00 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with \$6,428.00 of debt.

The following States do not have licensure requirements for this profession: Pennsylvania, Ohio and West Virginia.

COMBINATION WELDING

This program will cost \$20,197.00 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with \$5,779.00 of debt.

The following States do not have licensure requirements for this profession: Pennsylvania, Ohio and West Virginia.

DIESEL & HEAVY EQUIPMENT REPAIR

This program will cost \$25,747.00 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with \$4,670.00 of debt.

The following States do not have licensure requirements for this profession:
Pennsylvania, Ohio and West Virginia.

ELECTRICAL TECHNOLOGY

This program will cost \$22,467.00 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with \$4,151.00 of debt.

The following States do not have licensure requirements for this profession:
Pennsylvania, Ohio and West Virginia.

HEAVY EQUIPMENT OPERATIONS

This program will cost \$18,213.00 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with \$5,500.00 of debt.

The following States do not have licensure requirements for this profession:
Pennsylvania, Ohio and West Virginia.

INDUSTRIAL ELECTRO-MECHANICAL TECHNOLOGY

This program will cost \$23,132.00 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with \$0 of debt.

The following States do not have licensure requirements for this profession:
Pennsylvania, Ohio and West Virginia.

MACHINIST TECHNOLOGY

This program will cost \$21,765.00 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with \$987.00 of debt.

The following States do not have licensure requirements for this profession:
Pennsylvania, Ohio and West Virginia.

MOTORCYCLE & POWER EQUIPMENT TECHNOLOGY

This program will cost \$22,486.00 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with \$0 of debt.

The following States do not have licensure requirements for this profession:
Pennsylvania, Ohio and West Virginia.

REFRIGERATION & A/C TECHNOLOGY

This program will cost \$21,375.00 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with \$0 of debt.

The following States do not have licensure requirements for this profession:
Pennsylvania, Ohio and West Virginia.
